

The J.W. Bowker

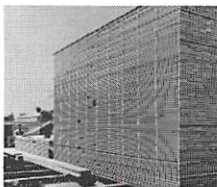

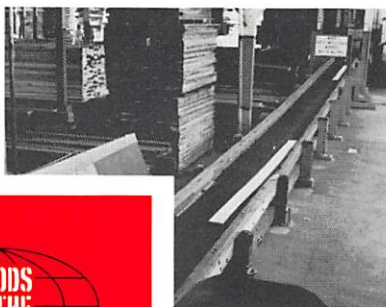

A switcher built by Baldwin in 1875 for the Virginia & Truckee Railroad.

AMERICA'S LOWEST Priced Jet Engine!
 Hell Cat takes off by itself or powers model auto, plane, boat, train, etc. Strong constant thrust for exciting experiments. Operates on ram jet principle. Fast starting. No moving parts. Operates on Solid Fuel. Only \$1.50 + 50¢ for fuel. World Co., Dept. PS-1, One Park Ave., New York, N.Y. 10016.

THE TRAINS aren't running anymore that are shown in this set of Early American Locomotives dating back to 1831. In natural colors, they recall such famous pioneer locomotives as the Double End Locomotive, Mogul Tank Locomotive and others. Each is 5 1/2"x8" ready for framing. Set of 8 \$1.25 ppd. Terry Elliott Co., Dept. PSP, P.O. Box 1918, Grand Central Sta., New York, N.Y. 10017.

**UNMATCHED
FACILITY AND
EXPERIENCE**

Aside from the vast selection of hardwoods and softwoods available (over 7,000,000' in 75 species), Penberthy maintains the most modern and complete lumber handling facility in the West. It's manned by "old timers" who have spent their lives grading, drying and finishing every known species of domestic and foreign woods. Automated loading and unloading speeds up and reduces the cost of processing lumber. Round-the-clock kiln operation prevents warping and increases workability. Covered storage areas eliminate staining and damage from the elements. Expert finishing and the precise production of difficult details is supplied by one of the biggest and best equipped planing mills anywhere. Conveyerized rail and dockside facilities provide quick, low-cost service to any point in the United States. Call Penberthy first for your requirements.

Penberthy has mountains of Teak, Walnut, Mahogany and Shedua...pile after neatly stacked pile of Birch, Ash, Oak, Maple and Douglas Fir. Choose the exact species and grade to meet your requirements. Trust Penberthy to deliver quality merchandise to your doorstep on time, at a fair price.
